Subject: Revision of IAHE Training Calendar for FY 2026-27.

Sir/Madam,

I am directed to inform that the Training Calendar of the Indian Academy of Highway Engineers (IAHE) for the Financial Year 2026-27 has been reviewed in light of the response received and the training requirements.

2. During the review, it was observed that **Programme No. 33** - "Certificate Course for Quality Control/Assistant Quality Control Engineers (Sub-professionals) of Contractors/Consultants on Materials Testing Processes (Eligibility: Diploma in Civil Engineering with two years' experience or Graduation in Civil Engineering)", which was included under the **Mandatory Training Programme**, has not been receiving the desired number of nominations. Accordingly, it has been decided to shift the said programme from the **Mandatory Training Programme** category to the **Calendar Training Programme** category so that it may be conducted based on demand and nominations received.

3. In addition to this, with a view to enhancing training opportunities and encouraging greater participation from sponsoring organizations, additional iterations of certain training programmes have been incorporated in the Training Calendar. These programmes, which were earlier scheduled to be conducted only once during the financial year, shall now be conducted twice based on the revised schedule.

4. A summary of the specific changes made to the Training Calendar is given below for ease of reference:

(a) Programmes Rescheduled

S.No.	Programme	Original Dates	Revised Dates
2	AI/BIM Applications in Computer Aided Geometric Design of Highways and Hands-on Trg.	8-12 Jun 2026	30 Nov - 4 Dec 2026
3	Pre-Construction Activities and Statutory Clearances for Highway Projects incl. DAMS app.	11-15 May 2026	12-16 Oct 2026
15	Planning, Design, Construction, Maintenance of Hill Roads including Ropeways and Slope Management, Landslide Mitigation Measures	12-16 Oct 2026	22-26 Feb 2027
